Γευόμοστε Ελλάδα

Η Agrino προβάλλει το μάχθο του Έλληνο καλλιεργιτή αναγράφοντας το όνομα του και τον τόπο καλλιέργειας σε κάθε πακέτο Ελληνικού ρυζιού και οσπρίου, καινοτομώντας πανευρωποϊκά.

Aarino

Κάθε Ελληνικός κόκος ρυζιού Agrino έχει γεννηθεί από τη φροντίδα του τοπικού παραγωγού και καλλιεργηθεί σύμφωνα με τις αρχές που αρίζει η Ορθή Γεωργική Πρακτική, που προστατεύουν το περιβάλλον και τον άνθρωπο. Στη συνέχεια, έχει μεταφερθεί στους αρυζόμυλους της Agrino, όπου μέσα από αποκλειστικά φυσικές διεργασίες, έχει επιλεγεί ως καρυφαίας ποιότητας, διασφαλίζοντας ότι θα φτάσει σγνός και φυσικός στο τραπέζι σας.

Σκανάρετε για να γνωρίσετε τους καλλιεργητές μας και να ανακαλύψετε το μαγευτικό ταξίδι του ρυζιού.

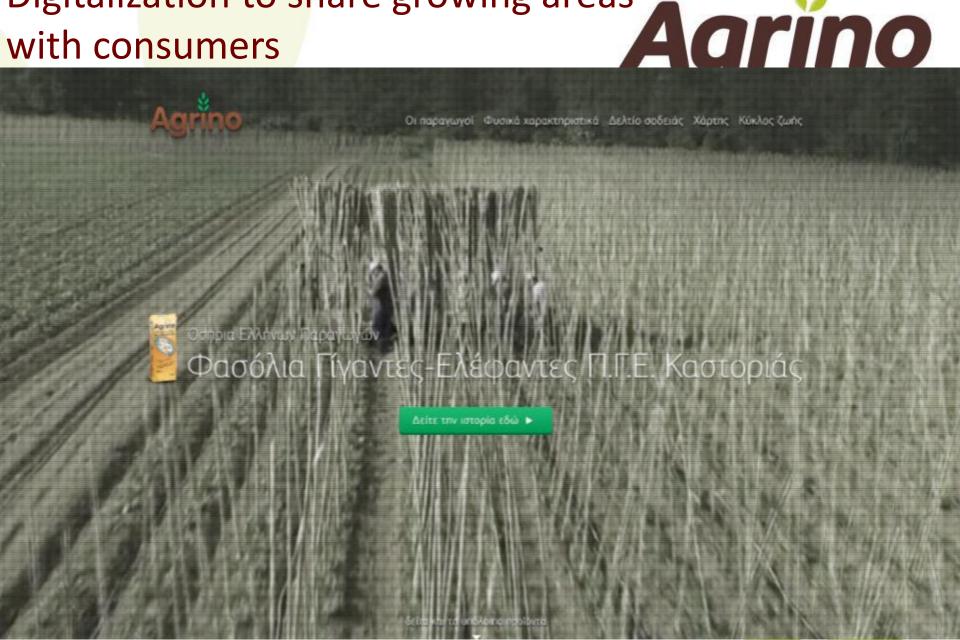

Καλώς ήλθατε /gri2 στον κόσμο της Agrino!

Applying Industry 4.0:

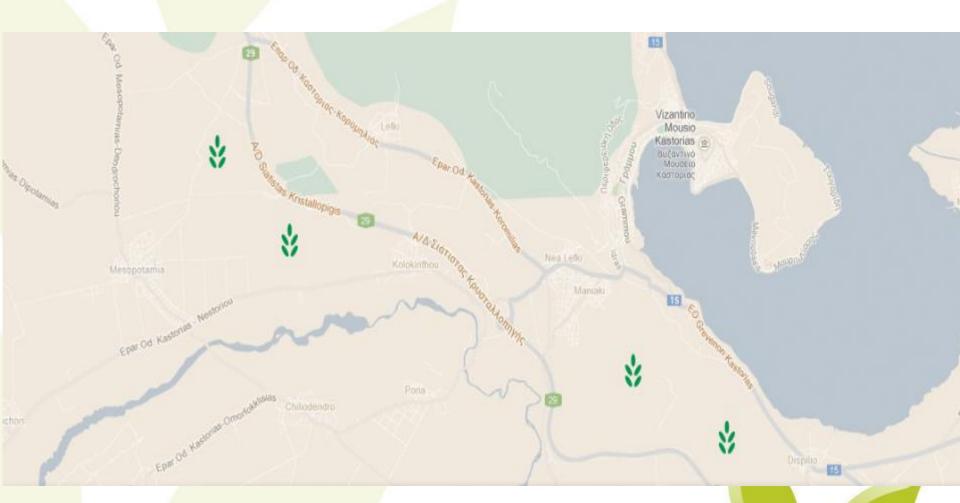

Digitalization to share growing areas with consumers

Applying Industry 4.0:

Guiding consumers to rice fields

Applying Industry 4.0 – Next steps: Regionalization of products

- Sales reps identify retail locations with GPS
- Orders are combined with geographical position of Point-Of-Sale,
 which needs to fill empty shelves with requested products
- Production is scheduled considering the orders/needs in specific
 POS in defined areas
- Products are "regionalized: Consumers can identify the merchandise in two ways:
 - A. Product is coming from the area where the consumer live
 - B. Name of the grower is one of their "neighbors", know to them or their family personally
